

# Fruits and veggies in the jars

Step

Cut the plums in half and remove the stones.

Step

Wash the plums, the jars and the lids.

Step

Add sugar and stir frequently.

Step

Remove from heat and pour gently into clean and warm jars.

Step

Put the plums into a deep pot and bring to the boil.

Step

Store and eat in winter. Yum!

Step

Put the lids on.

Step

Label the jars and allow to cool.
