

## Deserts

### Worksheet C Teacher- possible answers

African Camel	Both Camels	Asian Camel
<i>They have one hump. They are called dromedaries.</i>	<i>Their thick lips help them eat prickly food. Fat fills their humps. Two rows of long eyelashes protect their eyes. People use their wool, milk, and meat. Their wide flat feet keep them from sinking in sand.</i>	<i>They are called Bactrian camels. They have two humps</i>
