

Plant adaption to different habitat

Worksheet 1

1. What is adaptation? Can you think of any examples of plant adaptation ? What do plants adapt to? Watch the film and answer the questions:

<http://studyjams.scholastic.com/studyjams/jams/science/plants/plant-adaptations.htm>

2. Plants can adapt to the environment they live in, but also they know how to attract pollinators or come up with clever ways to spread their seeds. Your teacher will put you in groups and give you a task.
