

Poland's neighbours

Worksheet 2

WEBQUEST

SLOVAKIA

INTRODUCTION

You have decided to go on a short trip to one of our neighbouring countries. You only have 4 days and you have decided to visit Slovakia. Because you have never been to the country you don't only plan your trip but you also want to find out about this country. Using the Internet you will have to gather all the necessary information, plan their trip and count the cost of the whole venture.

1. Find information on each of the below themes

Each pair of students will have to focus on one of the below themes.

LOCATION	
CLIMATE	
NATURE	
CULTURE	
PEOPLE	

As the result of your Internet research, write some information in the table and then present it to the rest of the class.

Poland's neighbours

Worksheet 2

2. Planning your journey

- you have to decide which places you would like your friends to visit (remember you only have 4 days)
-
- how many days you would like them to spend in each place
- list the attractions to see
- find a place to stay
- think of some good restaurants on the way
- find the best way to get there
