

## Endangered species

### Worksheet 2 Teacher's notes

1. In Rwanda's Virunga National Park a small caravan of researchers hold most precious cargo through the forest.
2. Poachers killed two members of her family to capture her
3. Unfortunately for this case we didn't have enough information to know where was the group.
4. There are fewer than 700 individual mountain gorillas left in all of Africa.
5. The other half live across the border in Uganda and Congo.
6. People here are poor so poaching is an even more urgent problem.
7. In many cases the poachers were trying to snatch a baby gorilla.
8. (In Uganda) They have joined forces with the government soldiers to patrol the park hoping to make it safe for tourists
9. Tourism generates a lot of money which is vital to gorilla conservation.
10. These animals who are not fearful of humans are completely vulnerable to anyone coming by.
11. On this occasion the poachers were caught but there are more out there
