

### Tsunami in Japan

11. Matt has been living in Japan for 8 years. **T**
12. This wasn't the first earthquake that Matt has ever experienced. **T**
13. He lives in the north part of the city. **F**
14. Matt is not sure Matt is sure not many people were able to evacuate before the tsunami hit the coast.  
**T**
15. The epicenter of the quake was in the south of Japan. **F**
16. The weather was awful before the quake hit Japan. **F**
17. Matt had just come home when everything happened. **T**
18. People who are used to living there realised this was not a common quake when it started. **T**
19. The noise of the buildings creaking is something Matt is not willing to experience again. **T**
20. Matt says people will forget this episode quickly. **F**
